

FOR IMMEDIATE RELEASE

January 8, 2026 — Pinehurst, NC — MacGyver Solutions, Inc., a Service-Disabled Veteran-Owned and HUBZone-certified small business and established GSA Schedule contractor, today announced a new strategic partnership with **Rebel Brush Trucks**. This collaboration adds Rebel's high-performance, American-made **Type 6 Wildland Fire Brush Trucks** to MacGyver Solutions' GSA Multiple Award Schedule (MAS) offering, providing federal, state, and local agencies with streamlined access to critical firefighting apparatus.

Expanding Mission-Critical Solutions on the GSA Schedule

Under its GSA Schedule contract **47QSMA18D08QH**, MacGyver Solutions continues to expand its catalog of specialized equipment for government end-users. The addition of Rebel Brush Trucks' vehicles addresses a direct need within the wildland firefighting community, allowing agencies to procure reliable, NFPA-compliant trucks through a simplified procurement process with pre-negotiated terms.

About MacGyver Solutions, Inc.

MacGyver Solutions, Inc. is a **Service-Disabled Veteran-Owned Small Business (SDVOSB)** and **Certified HUBZone Small Business Concern** with over 20 years of experience in vehicle sustainment and logistics. The company holds a long-term GSA MAS contract (47QSMA18D08QH) and specializes in providing tactical, survival, and operational equipment to government agencies, including Special Operations Command, Department of Homeland Security, Forestry Service as well as state and local agencies.

Partner Profile: Rebel Brush Trucks

Rebel Brush Trucks is a leading manufacturer of **custom Type 6 wildland fire apparatus**, built in the USA for durability and performance in demanding conditions. Their trucks feature robust, lightweight bodies and reliable pump systems capable of pump-and-roll operations. Fire departments can select from various models and customize their apparatus with numerous options to fit specific mission requirements.

Benefits for Government Customers

- **Simplified Acquisition:** Purchase directly through **GSA Advantage!**[®] using MacGyver Solutions' Schedule, reducing procurement time and administrative burden.
- **Support for Small Business:** Buying through this channel supports a Service-Disabled Veteran-Owned and HUBZone small business.
- **Access to Specialized Assets:** Acquire mission-ready, NFPA-compliant fire apparatus from an industry-leading manufacturer.
- **Integrated Logistics Support:** Leverage MacGyver Solutions' decades of experience in vehicle sustainment and lifecycle support.

Executive Statements

> We are excited to partner with Rebel Brush Trucks to bring their exceptional firefighting vehicles to our government customers. This partnership directly supports our mission of solving complex logistical challenges by providing reliable, American-made equipment through our GSA Schedule. It allows agencies dedicated to protecting our communities and natural resources to get the vehicles they need faster and more efficiently.” — **Mike Jackson, MacGyver Solutions, Inc.**

> Partnering with MacGyver Solutions provides a vital, streamlined channel for agencies to access our trucks. Their established GSA contract and understanding of government procurement ensure that our life-saving equipment can reach the firefighters who need it with minimal delay.” — **Sean McShea, Rebel Brush Trucks**
